Design Specs

Grid: 12 columns Left: Chat (9 cols) Right: Cart (3 cols) Padding: 32px horizontal Vertical spacing: 16–24px between chat bubbles

Chat Messages: - Bot: left aligned, white bg, border #E5E7EB, rounded 12px - User: right aligned, gray bg (#F3F4F6), rounded 12px

Upload Box: - Dashed border, gray (#D1D5DB), radius 12px, centered text

Product Cards: - 200×220px, rounded 12px, light shadow - Hover: scale(1.03) - Buttons: Primary blue (#2563EB), Secondary gray (#E5E7EB)

Cart Icon Badge: - Blue (#2563EB), white text, 16px circle positioned top-right of icon

Animation Recommendations:

- Chat messages fade-in sequentially
- Cards slide up with subtle delay
- Cart drawer slide-in/out smoothly
- Cart badge pops when incremented

Flow Summary:

1. User types or uploads → Bot responds.
2. Bot shows product cards → User selects.
3. Cart count updates (top-right).
4. User opens cart → Reviews selections.
5. User clicks “Proceed Ahead” → Confirmation modal appears.

All interactions happen in one page; chat continues seamlessly.
